

**"We guide students
to become
excellent clinicians."**

Randolph Rasch, PhD, RN, FNP
Nurse Educator

Nursing education... pass it on.

I teach my students to evaluate what they need to provide excellent patient care, access current knowledge so that care is cutting edge, and make a larger contribution to the health and welfare of the public. Mentoring is my passion. By sharing my story of nursing firsts, I am able to demonstrate how individuals from a variety of backgrounds can succeed. **Want to learn more about the career advantages of nursing education?** Visit us at: **www.nursesource.org**
